

## AREA 21 Webinar series

**Energy District Webinars and Resources – Tools and guidance for  
integrated district-level energy planning**

Webinar 1: 01 September 2020 14:00 to 15:30 (CET)

**Energy Improvement Districts: an Instrument for Local Cooperation on Energy Efficiency**

*In this webinar, the AREA 21 project partnership provides an introduction to and several examples of the Energy Improvement District (EID) concept as a tool for integrated energy planning and a method to support cities in reaching their emissions reductions goals. Participants will learn the ins and outs of the EID Concept and how to implement it across a variety of local contexts, and will have the chance to discuss in depth with practitioners.*

**Moderation/Chair:** Jörg Knieling, HafenCity University Hamburg

<b>13:45</b>	Welcome & Technical setup
<b>14:00</b>	Introduction   Meeting check-in <i>Jörg Knieling, HafenCity University Hamburg</i>
<b>14:10</b>	AREA 21 Energy Improvement District (EID) instrument as a model for district-level energy cooperation <i>Jörg Knieling, HafenCity University Hamburg</i>
